

Legalpad Partner Marketplace

Legalpad customers are always looking to expand their business in the U.S. We aim to partner with companies that provide our customers with exclusive perks and discounts to help them grow. Our partner companies excel in different verticals such as HR, payroll, finance, etc. to support our customers' growth.

How it works:

1. Submit your offer details on our [partner registration form](#).
2. We will feature you on our partner marketplace within Legalpad's app and on the [perks webpage](#).
3. We will announce and periodically share about the partnership in our newsletter and on social media.

Early-Stage Founders

Our customers are early stage startup members. You have an opportunity to empower them with your tools and services.

Global Access

Our customers come from all over the world. Get global attention to your business and tap into new markets.

A Perk for your Customers

When you partner with Legalpad, your customers would get a \$500 discount for Legalpad services.
